 Air Liquide

By investing, we give meaning to our future

Together, let's be Shareholders
of our Group on preferential
terms.

From November 6 to 16, 2023

EDITORIAL

Give meaning to our future. Together.

Air Liquide will launch its 16th Employee Stock Purchase Plan (ESPP). This operation, known as *myAL myShare 2023* and implemented in almost 60 countries, represents an opportunity for you, the Group's Employees, to become even more closely involved in its growth.

Thanks to everyone's contribution, the Group delivered a solid performance in 2022 despite a complex and constantly changing geopolitical, economic and sanitary context. Our reported sales reached 29.9 billion euros, up +7%(1), and recurring net income grew by +17%(2). These results are the fruit of your remarkable commitment and responsiveness. Well done to you all and once again a big thank you!

Your unwavering dedication, coupled with the support of our Shareholders, who are more numerous than ever, drives our determination to firmly pursue the implementation of our ADVANCE strategic plan, which gives us a clear purpose and inextricably links financial and non-financial performance.

Investing in Air Liquide is therefore an opportunity to become even more closely involved in the Group's results. It is also an opportunity to invest in a high-performing and responsible Group, which is acting for the future. Finally, it is an opportunity to expand your professional investment, by contributing to a more sustainable world.

Together, let us advance and give meaning to our future!

François Jackow
CEO of Air Liquide

(1) On a comparable basis (excluding currency, energy effects and excluding significant scope).

(2) Excluding exceptional and significant operations not impacting operating income recurring, at constant exchange rates.

Why invest in Air Liquide?

A RESILIENT GROUP

Air Liquide's strength is driven by the **resilience** of its business model, the **diversity** of its business lines, its various geographic locations and its **ability to innovate** for almost every sector of the economy. The Group draws on these **robust foundations to continue to drive its long-term growth momentum and contribute to a more sustainable world.**

A STRONG LONG-TERM PERFORMANCE

The ADVANCE strategic plan, which was launched in March 2022, consolidates these advantages and places Air Liquide on track to achieve a **global performance** by combining **financial performance** with **non-financial performance.**

Over the past 20 years, the share price **has risen steadily, as have the dividends paid out** to Shareholders. By regularly reinvesting your dividends in Air Liquide shares, you can build a portfolio capable, for example, of financing a personal project.

Why subscribe to the myAL myShare 2023 offer?

The myAL myShare 2023 offer is an opportunity to participate in the Group's development by becoming a Shareholder or expanding your stock portfolio on preferential terms.

👉 20% discount

The subscription price will be determined based on a reference price equal to the average opening trading prices of Air Liquide's shares over the 20 trading days preceding the date the subscription price is set by the CEO.

A 20% discount is then applied to this reference price: this is the **subscription price**.

👉 Payment facilities

You may pay for your subscription in **full upfront** or **spread your payment over 12 months⁽¹⁾** through an interest-free payroll deduction, depending on the local offer conditions.

(1) This method of payment depends on the conditions in your country. Details of the methods of payment available to you can be found in your country's local supplement which can be obtained in the "Download documents" section of the myALmyShare2023.airliquide.com website.

BECOME A DIRECT REGISTERED SHAREHOLDER. WHAT ARE THE BENEFITS?

1 share = 1 voting right

You are part of your Group's decision making process by voting at the General Meeting.

+10% loyalty bonus on dividend

You will be eligible to receive the dividend voted on by Shareholders during the General Meeting each year, plus a 10% loyalty bonus once you have owned your shares for two years.

Regular free share attributions to all Shareholders

These attributions also benefit from the 10% loyalty bonus for all shares you have owned for two years.

No handling fees No management fees

Your direct registered share account will be directly managed by the experts at Air Liquide's Shareholder Services Department, without any financial intermediary.

“ Investing in the Group means supporting it as a Shareholder, so that I can play my part in a sustainable future and act for all. ”

WHAT IS THE CURRENT VALUE OF AN INVESTMENT MADE IN 2018?

Change in an investment in 10 shares carried out five years ago through the 2018 operation

The past performance of the Air Liquide share is not necessarily an indicator of its future performance. This should not be considered investment advice. Please read the risk factors detailed in the Universal Registration Document, available at airliquide.com.

(1) Initial investment of 10 shares purchased at the subscription price of 87.09 euros reserved for employees at the time of the 2018 ESPP, excluding taxes and social contributions.

(2) Value of the portfolio at the end of the five-year lock-in period, excluding taxes and social contributions (based on an estimated share price on 12/31/23 of 163.50 euros, the average closing price for September).

(3) Dividends accumulated during the five-year lock-in period, excluding taxes and social contributions.

(4) Valuation of fractional rights accumulated during the five-year lock-in period, excluding taxes and social contributions.

Please note before investing

YOUR INVESTMENT TRACKS THE AIR LIQUIDE SHARE PRICE PERFORMANCE

There is therefore a **risk of loss of capital**. However, **the discount reduces the share purchase price compared with the market price and therefore has an amplifying effect in the event of an increase and a cushioning effect in the event of a decrease in the share price.**

Note: if you are resident in a country located outside the euro zone, there is an **exchange rate risk**. As Air Liquide is listed in euros on the Paris stock market, the value of your investment will vary according to exchange rate fluctuations between the euro and your currency across your investment period. Thus, if the euro appreciates against your currency, the value of the shares in your currency will increase. Conversely, if the euro depreciates against your currency, the value of the shares in your currency will decrease.

YOUR INVESTMENT IS LOCKED IN FOR FIVE YEARS

However, **early release clauses** exist and details of these can be found in your country's local supplement which can be obtained in the "Download documents" sections of the myalmysare2023.airliquide.com website.

After the five-year lock-in period, you may keep your shares in the account opened in your name at Air Liquide or sell all or some of them.

“ I appreciate Air Liquide’s strong commitment to innovation and sustainable development. I also believe in it as a Shareholder. ”
